

Assemblymember David DiPietro
Albany Office
518-455-5314

East Aurora Office
716-655-0951

1.) When someone answers, ask if the Assemblymember is in the office and if you can speak to them. Please use the suggested script below to ask how they plan to vote on the bill. Try to get a direct answer from the member; if the office cannot give you a direct answer, ask them to call you back with an answer.

“Hi, my name is NAME and I’m calling from YOUR TOWN/CITY to urge the Assemblymember to vote YES on Assembly bill 5322-D, The Packaging Reduction & Recycling Infrastructure Act, ***the next time the assembly is in session.*** (It’s being reported there may be a special session.) Can you tell me how you plan to vote if the Packaging bill comes up?”

Feel free to add why reducing single-use plastics is important to you. You might want to consider asking him why he wouldn’t want to support a bill that would help take the burden of dealing with plastic waste off taxpayer’s shoulders?

2) Now that you’re in the swing of things and have a little more steam...

Please call Assembly Speaker Heastie at 718-654-6539. If you can’t get through, try 212-312-1400. Use this suggested call script:

“Hi, my name is NAME and I’m calling from YOUR TOWN/CITY to urge the Assembly Speaker to bring the Assembly back into session and pass Assembly bill 5322-D, The Packaging Reduction & Recycling Infrastructure Act.”

3) Go treat yourself to something special, feeling good that you performed a difficult but wonderful deed for the earth and our communities!

Thank you!
